## Press Release

### MecSoft Announces Presence at EuroMold 2012

**Irvine, CA, November 14, 2012:** [MecSoft Corporation](http://www.mecsoft.com), the developer of computer aided manufacturing (CAM) software solutions, has announced that they will be exhibiting at EuroMold 2012 later this month.

EuroMold is one of the largest tradeshow for mold making, tooling, product design, and product development. This year it will take place on November 27<sup>th</sup> through 30<sup>th</sup> in Frankfurt/Main, Germany.

MecSoft will have a presence at EuroMold 2012 with representatives from MecSoft's US headquarters, as well as MecSoft Europe. "We are very pleased with the performance of our European operations in 2012," stated Paul Lipovanciuc, International Sales Manager for MecSoft. "We look forward to another year at EuroMold to showcase our new products, meet our customers and partners, and share with them some of our the priorities for the future that will continue to position MecSoft in a leadership spot for affordable and complete CAD/CAM solutions."

You can visit MecSoft at [EuroMold](http://www.euro-mold.com) at **Booth C123 in Hall 11.0** from Nov. 27-30, 2012.
