Press Release

MecSoft Announces Support for SolidWorks 2011

Irvine, CA, December 17, 2010:   MecSoft Corporation, a global leader in Computer Aided Manufacturing (CAM) software, announced today support for SolidWorks 2011.

With the recently announced 1.1.0.9 service release for VisualMILL-for-SolidWorks, users can now run inside both the 32 and 64 bit versions of SolidWorks 2011. This service release is available to current VisualMILL-for-SolidWorks users through MecSoft's VisualServe software licensing portal.

"As a Gold Certified CAM Product vendor, we are committed to supporting the most recent version of SolidWorks," stated Joe Anand, President and CEO of MecSoft. "With this service release, VisualMILL-for-SolidWorks is fully certified to run inside SolidWorks versions 2008 thru 2011."

About MecSoft Corporation
