Press Release

MecSoft Corporation Launches VisualServe™ Portal

Irvine, CA, September 21st, 2010: [MecSoft Corporation](#), a global leader in mid-range CAM software, announced today the launch of VisualServe™, a software license management portal.

"Our new licensing portal provides our VisualMILL for SolidWorks® customers 24/7 access to download new maintenance releases," explained Anita Anand, Executive VP of MecSoft. "Since we have a number of customers globally, we want to ensure they have access to important software releases during their work hours or when it is convenient for them."

From a workflow perspective: end-users receive an automatic email notification when a maintenance release has been posted, a link is provided in the email, along with user specific log-in information.

"This is just another example of our commitment to become the number one global CAM solution provide for the SolidWorks community," said Gerald Hiller, Director of International Sales for MecSoft. "As one of only five Gold Certified CAM partners for SolidWorks, we understand the high level of service that SolidWorks users are accustomed to."

VisualServe™ is seamlessly integrated into the MecSoft website so it has a simple, easy to use interface.
